

Colleen Sanders

Senior BFA 2020 Thesis

Artist Statement:

A black mixture of tempera paint and dish soap encloses the transparency of the Plexiglas with areas that have been scratched away. Pouring down the smooth, slick surface of Plexiglas, energy filters through the transparent lenses to create a juxtaposition between order and chaos.

Drip Drip, laser cut pieces of Plexiglas, rapid fuse glue, hot glue, acrylic paint and water, 72" x 24" x 28", 2020

Work in Progress:
Eight pieces of 72" x
12" Plexiglas panels,
black tempera paint,
dish soap, acrylic paint
