Close Ups

The background of the entire image is a vibrant, abstract painting. It features a dense, layered composition of various colors including reds, blues, yellows, greens, and purples. The brushstrokes are thick and expressive, creating a rich, textured surface. The colors are blended and splattered, giving the impression of a dynamic and evolving work of art.

Artist Statement:

My unstretched 6 by 18 foot abstract painting works as a narrative over time. The story itself is up to each individual's interpretation based on the emotions they feel as their eyes move across the work. I layer on, scrape away and splatter paint, often combined with shampoo or modeling paste, to create a fresh variety of marks with bold texture, bright colors and dynamic compositions that take viewers on a journey throughout the piece.

The background of the entire slide is a vibrant, abstract painting. It features a dense composition of thick, expressive brushstrokes in a wide array of colors, including deep reds, bright yellows, cool blues, and earthy greens. The strokes are layered and textured, creating a sense of depth and movement. The overall effect is one of dynamic energy and emotional intensity.
